

1. This image shows part of Sylvia's mobile phone screen. She wants to change the ringtone on her phone.

Which app can Sylvia use to do this?

2. Gemma wrote this story for her homework.

She decided to increase the font size of some of the words.

Which words in her story will increase in size?

- | | |
|--|--------------------|
| (A) AaBbCcDd ¶ Normal | (B) Days of summer |
| (C) <i>The First Dentist on the Moon</i> | (D) By Gemma Bligh |

Use the following information to answer questions 3 and 4.

Mrs Jones has created this spreadsheet to record her students' computer login details.

	A	B	C
1	Computer Login Details		
2	Student name	Username	Password
3	Box, David	<u>DavidB@ddt</u>	xyz123
4	Green, Stephen	<u>StephenG@ddt</u>	abc987
5	Lao, Kenny	<u>KennyL@ddt</u>	apple345
6	Lee, Tao	<u>TaoL@ddt</u>	banana765
7	Lilley, Leonie	<u>LeonieL@ddt</u>	lmo876
8	McAlpine, Peter	<u>PeterM@ddt</u>	def345
9	Pankaj, Vidya	<u>VidyaP@ddt</u>	edu234
10	Ya, Brenda	<u>BrendaY@ddt</u>	ufh679

3. In what order have the student names been sorted?

- (A) from A to Z
- (B) from Z to A
- (C) from boys to girls
- (D) from youngest to oldest

4. What data is stored in cell C7?

- (A) LeonieL@ddt
- (B) Pankaj, Vidya
- (C) banana765
- (D) lmo876

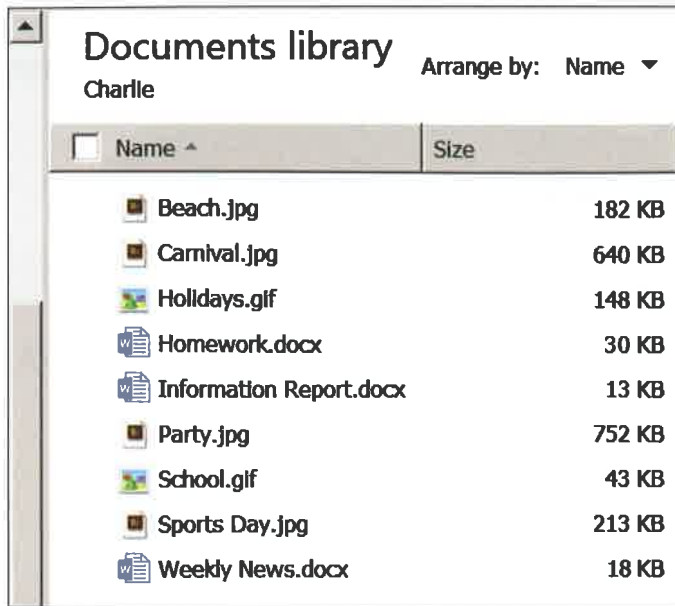

5. Tom asked his parents if he could join a website to play educational games.

To play these games on the website he needs to create an account.

Which of these is safest for Tom to provide when he creates an account?

- (A) first name
- (B) date of birth
- (C) home address
- (D) parents' credit card number

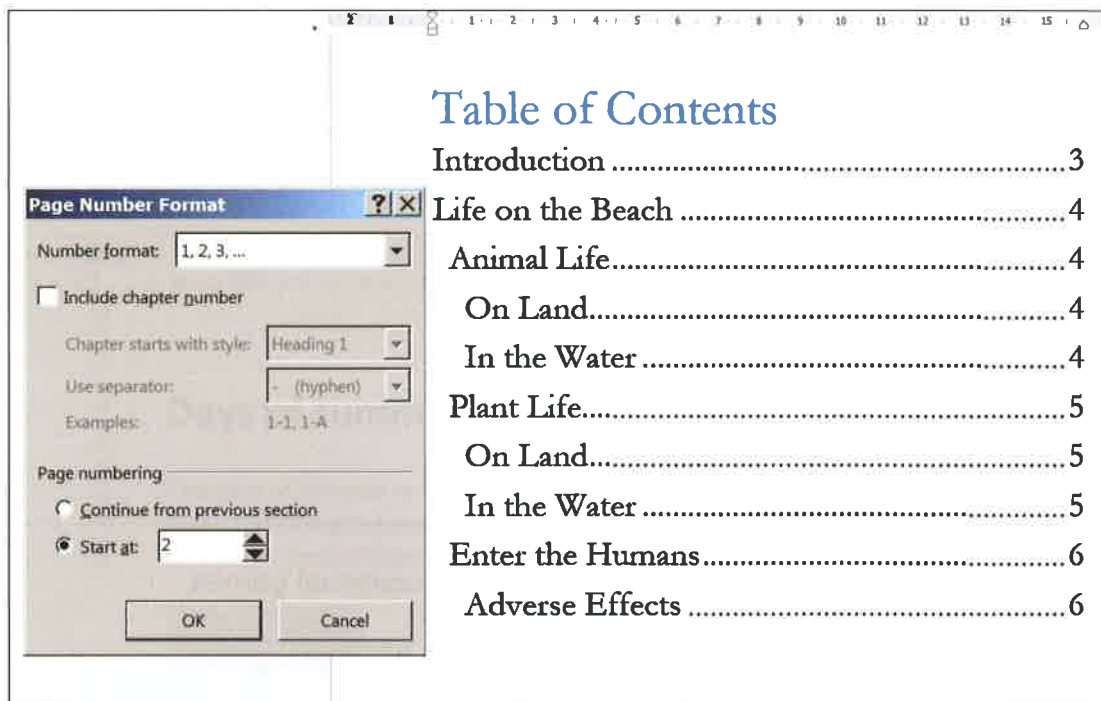

6. This screenshot shows some of the files in a folder called 'Charlie'.

How many of these files are images?

- (A) 3
(B) 4
(C) 6
(D) 9

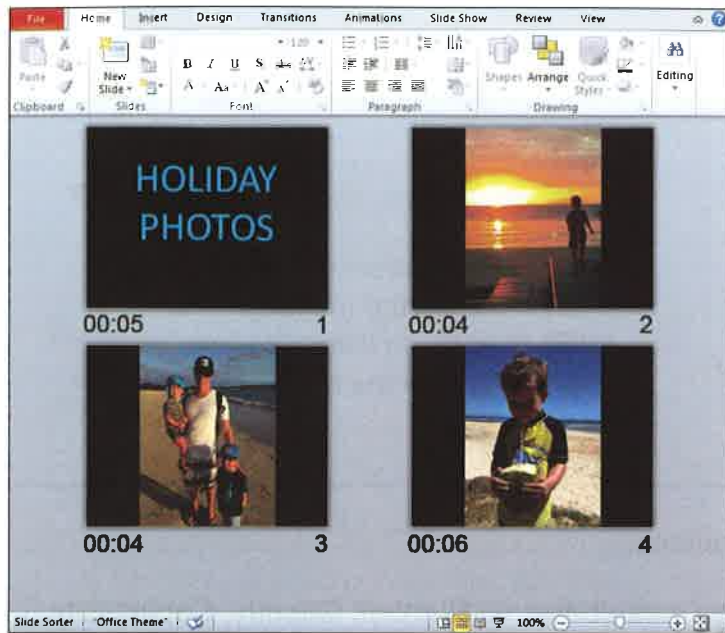

7. Virat used this dialogue box to format the page numbers in his document.

What number will appear on the first page of his document once these changes have been applied?

- (A) 1-1
(B) 1
(C) 2
(D) 3

8. Ted created this four-slide presentation about his holiday.

Ted plays the slideshow from the beginning to the end.

The slideshow plays for a total of

- (A) 4 seconds.
 - (B) 10 seconds.
 - (C) 14 seconds.
 - (D) 19 seconds.
9. Xiang changed Photo 1 to look like Photo 2.

Photo 1

Photo 2

Which formatting did Xiang use to create Photo 2?

- (A) Transparency
- (B) Shadow
- (C) Cutout
- (D) Blur

10. Joe is on the internet researching information for his homework. Suddenly a message pops up on his computer.

Which of these should Joe **NOT** do?

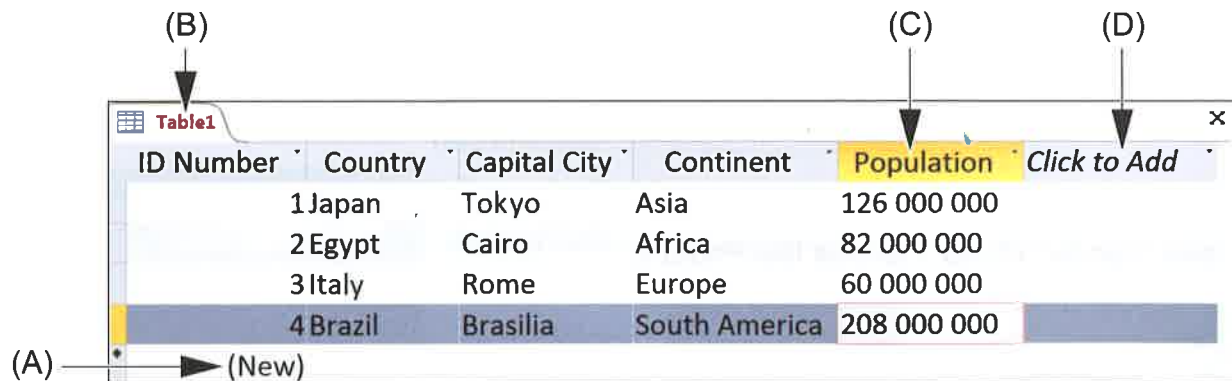

- (A) shut down his computer
- (B) close the message box
- (C) click on the message
- (D) ignore the message

11. Kirsten created a database about countries.

Currently there are five fields in Kirsten's database: ID Number, Country, Capital City, Continent and Population.

She wants to have another field in her database: 'Language Spoken'.

Where must she click to do this?

12. These are four examples of web browsers.

What are web browsers commonly used for?

- (A) managing files and programs on the computer
- (B) finding and viewing websites on the internet
- (C) searching specific information on websites
- (D) setting up a wi-fi connection on the computer

13. Veena set up an online application to make and share video calls.

Video settings: Set up your webcam

Webcam: Sontech FastCam Pro 6000

Change your profile picture **Webcam setting**

Automatically receive video and share screens with ...

☐ anyone

☐ people in my Contact list only

☐ no one

Show that I have video to ...

☐ people in my Contact list only

☐ no one

She wants to make and share video calls to her friends and family only.

Which option shows the settings she must choose?

	Automatically receive video and share screens with ...	Show that I have video to ...
(A)	anyone	no one
(B)	people in my Contact list only	no one
(C)	people in my Contact list only	people in my Contact list only
(D)	anyone	people in my Contact list only

14. Jamil opened the Settings app on his tablet. Under General settings, he tapped on 'Passcode Lock' to turn it on.

General

Accessibility ▶

Multitasking Gestures ☒

USE SIDE SWITCH TO:

Lock Rotation

Mute

Rotation Locks is available in Control Center.

Usage ▶

Background App Refresh ▶

Auto-Lock 10 Minutes ▶

Passcode Lock Off ▶

Restrictions Off ▶

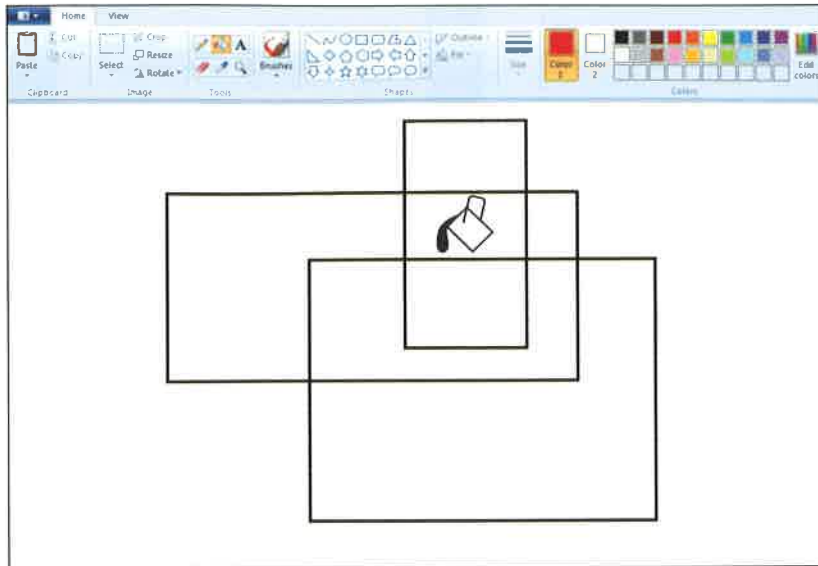

Lock / Unlock ☒

This allows him to

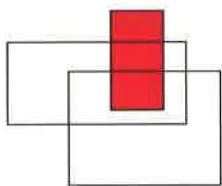

- (A) unlock his tablet.
- (B) set a passcode.
- (C) set the lock time-out.
- (D) access his passcode.

15. Tia used a graphics program to draw these shapes.

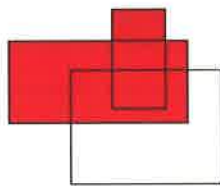

She selected the  tool and clicked on her drawing once.

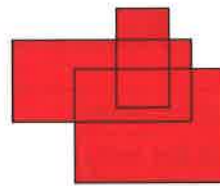

What does Tia's drawing look like now?

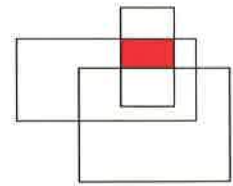

(A)

(B)

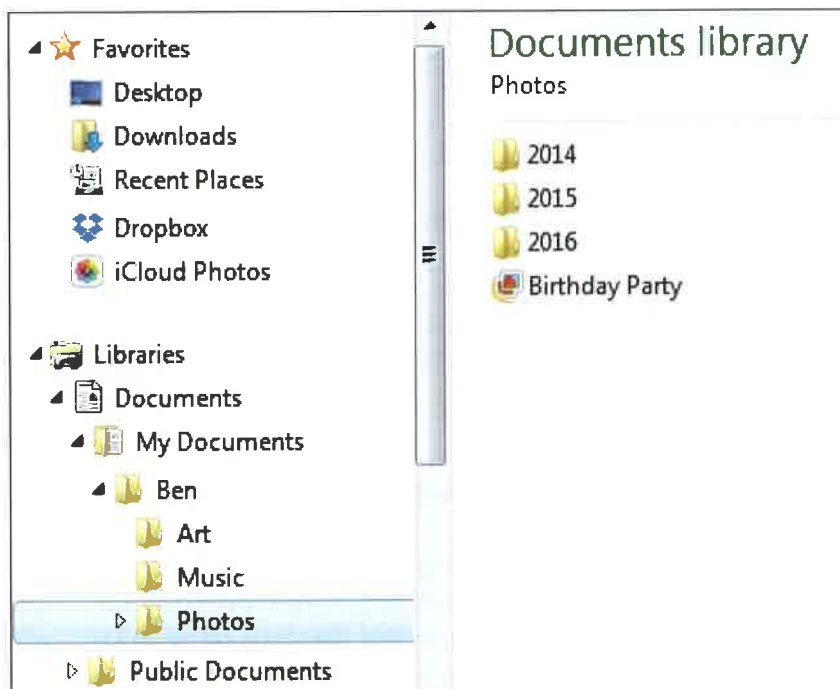

(C)

(D)

16. Below is a screenshot of the file manager on Ben's computer.

In which folder has Ben saved the file 'Birthday Party'?

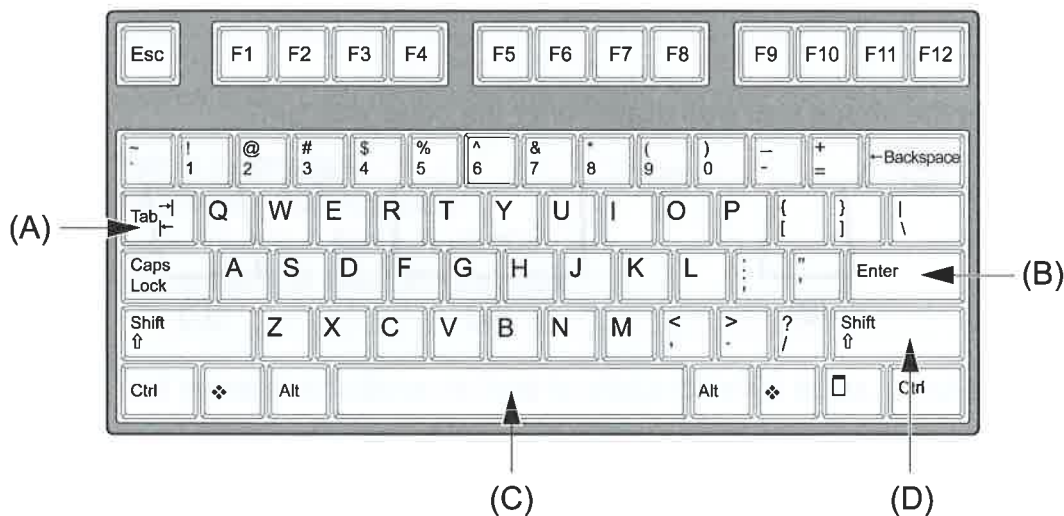

- (A) Art
- (B) 2016
- (C) Photos
- (D) iCloud Photos

17. Jacinta created a table in a word processing program to create her class timetable. Her cursor is in the last cell of the table.

Jacinta needs more rows to complete the full timetable.

Period	Monday	Tuesday	Wednesday	Thursday	Friday
1	Writing	Writing	Writing	Writing	Writing
2	Maths	Reading	Spelling	Reading	Spelling
Recess	Recess	Recess	Recess	Recess	Recess
3	Music	Art	Sport	Drama	

Which key can she press repeatedly to create more rows for her table?

18. Stephen sent an email to Peter. He received an email with this message in his inbox.

Delivery to the following recipient failed permanently:
Peter@Wileyzz.com ... User Unknown

Why did Stephen receive this message?

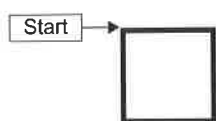

- (A) Stephen typed Peter's email address incorrectly.
- (B) Peter does not want to receive any emails.
- (C) Stephen's email program is not working.
- (D) Stephen's internet is not working.

19. Tom wrote the following code to draw a shape:

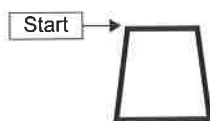

When run

```
moveForward(50 steps);
turnRight(90°);
moveForward(25 steps);
turnRight(90°);
moveForward(50 steps);
turnRight(90°);
moveForward(25 steps);
end
```

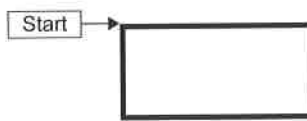

Which option shows the shape that was drawn after the code was run?

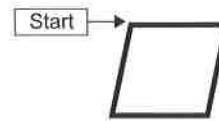

(A)

(B)

(C)

(D)

20. Lee made this spreadsheet to show what she packs for lunch each day.

	A	B	C	D	E
1	My Lunch Box				
2	Monday	Tuesday	Wednesday	Thursday	Friday
3	sushi	sandwich	salad	pizza	fried rice
4	apple	banana	melon	grapes	pear
5	crackers	boiled egg	cheese	yoghurt	cookie

Lee clicked two buttons to format the alignment of the text in cells A2:E2.

Which option shows how the text in cells A2:E2 has been formatted?

(A)

(B)

(C)

(D)

21. Toby wanted to find some information about freshwater fish in Australia.

He did a search on the internet using the word 'fish'. His search returned a very large number of results.

Kids Search

You searched for:

Submit

About 650,300,000 results (0.43 seconds)

Previous 1 | 2 | 3 | 4 | 5 Next

Which search option will give Toby the lowest number of results?

- (A) "fish in Australia"
- (B) "freshwater fish Australia"
- (C) fresh + water + fish + Australia
- (D) freshwater OR fish OR Australia

22. Sally typed some instructions on how to make nutshell boats, as shown in Text A.

She then changed some of her instructions to look like Text B.

Nutshell boats

Walnut shells make marvellous little boats.

You will need to gather the following items:

- a few walnuts in their shells
- a small hammer
- a piece of lightweight paper
- scissors.

Text A

Nutshell boats

Walnut shells make marvellous little boats.

You will need to gather the following items:

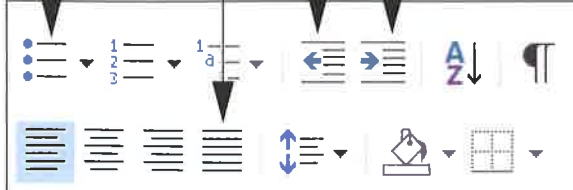

- a few walnuts in their shells
- a small hammer
- a piece of lightweight paper
- scissors.

Text B

Which icon did she use to make this change?

(A) (B) (C) (D)

Paragraph

23. Vinita used photo editing software to make changes to a holiday photo. She changed Photo 1 to look like Photo 2.

Photo 1

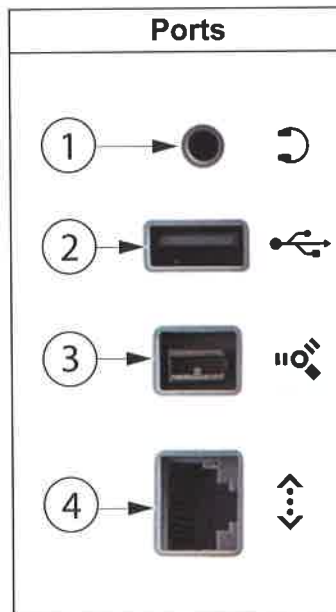

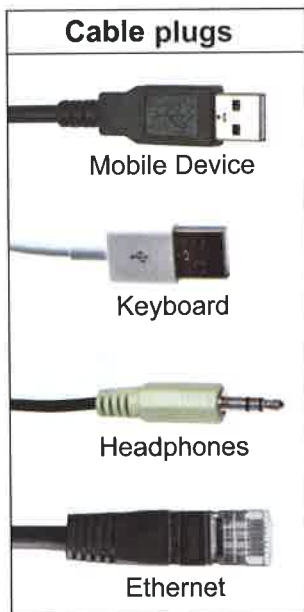

Photo 2

What changes did Vinita make to turn Photo 1 into Photo 2?

- (A) cropped and increased brightness (B) cropped and changed to grayscale
(C) zoomed out and increased brightness (D) zoomed out and changed to grayscale

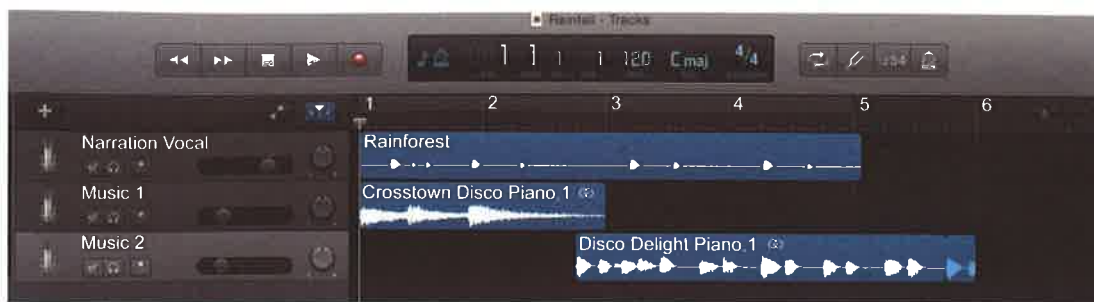

24. The images show some cable plugs and different ports on computers.

Which option matches each cable plug with the port that it fits into?

	Mobile Device	Keyboard	Headphones	Ethernet
(A)	2	2	4	3
(B)	2	2	1	4
(C)	3	3	1	4
(D)	3	3	4	2

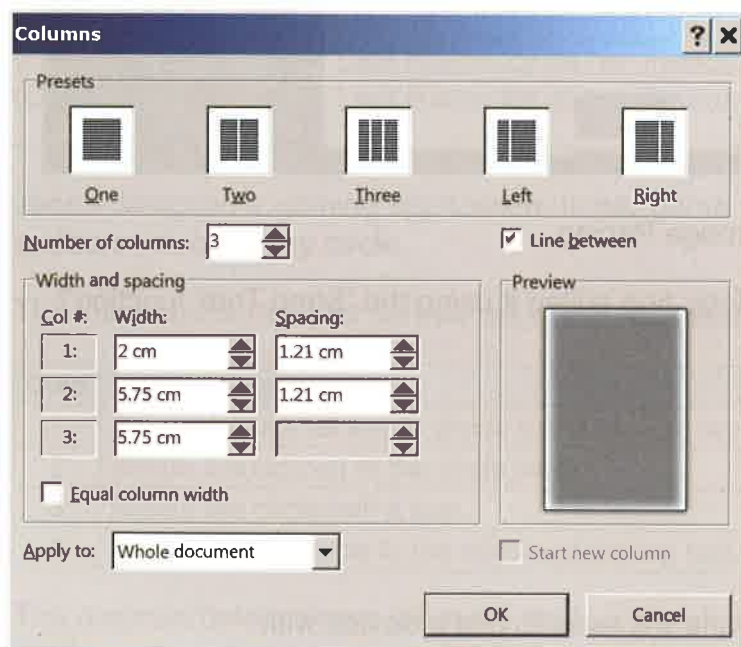

25. Ben is using music editing software to create a podcast about rainforests. He has added two music files and a voice narration called 'Rainforest' to this section of the podcast.

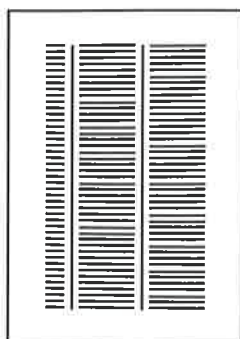

How many seconds will the music play for in this section of his podcast?

- (A) 3 (B) 5 (C) 6 (D) 14

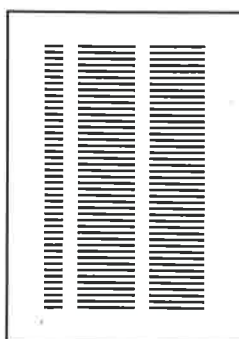

26. This dialogue box shows the settings Oliver used to create columns in a word processing document.

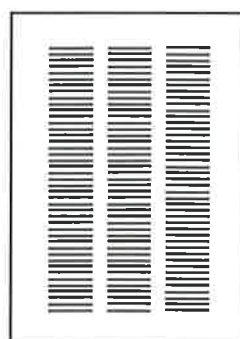

Which option shows how the columns look in Oliver's document?

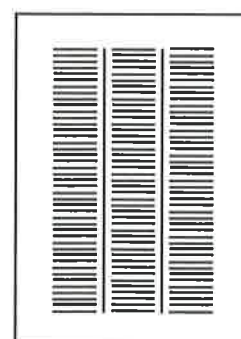

(A)

(B)

(C)

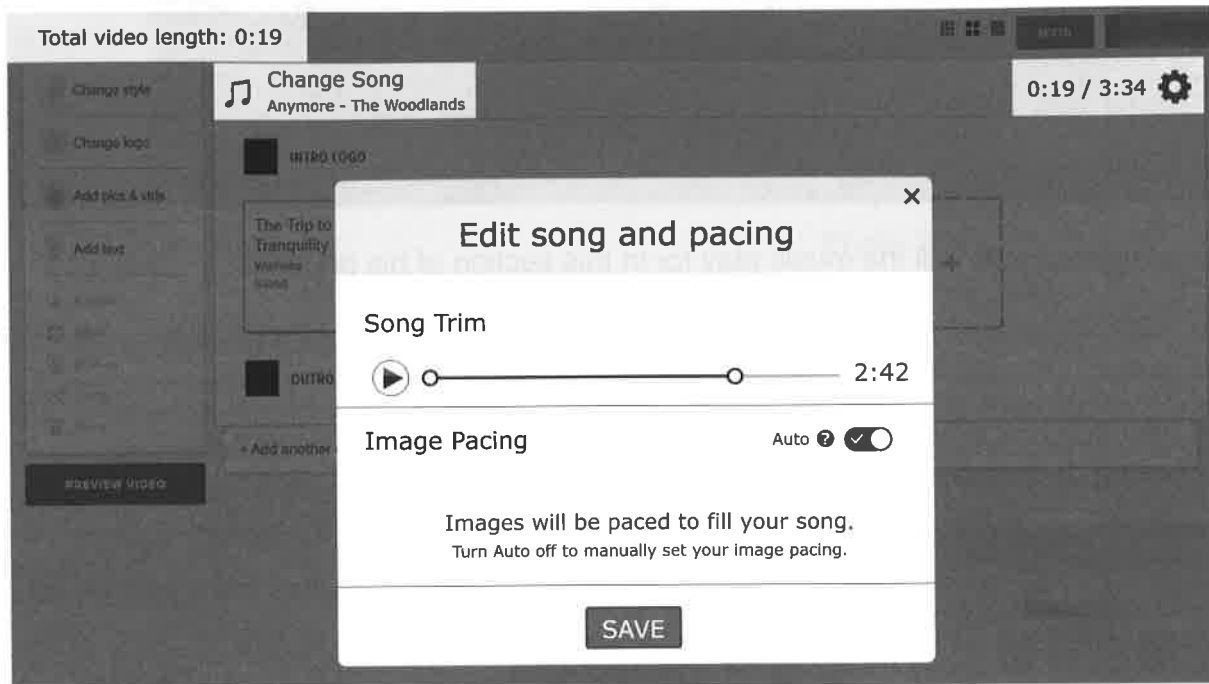

(D)

Use the following information to answer questions 27 and 28.

Jing used online video-making software to create a video.

She then used the 'Edit song and pacing' dialogue box to edit her video.

She turned on the 'Auto' option for Image Pacing.

27. What was the length of the song before Jing edited it using the 'Song Trim' function?

- (A) 6 minutes and 16 seconds
- (B) 3 minutes and 34 seconds
- (C) 3 minutes and 01 second
- (D) 2 minutes and 42 seconds

28. Jing saved her video online.

When she wants to access it again, she will need to use a device with

- (A) a camera.
- (B) a USB port.
- (C) a power connection.
- (D) an internet connection.

29. Anita created this database to store her friends' contact details.

ID	First Name	Last Name	StreetAddress	Suburb	Postcode	Phone No.	Email Address	Click to A
1	Stephen	Singh	5 Lilly St	Meadow Sands	1568	90884645	ssin@vatmail.com	
2	Leonie	Li	12 Green St	Highbury	4536	56443524	lli@getmail.com	
3	Ariana	Smith	10 Tree Lane	Leeton	2589	34256453	arianas@oozmail.co.nz	
4	Jasper	Banter	44 Sand St	Red Town	2465	89575643	Jbanter@mailan.com	
5	Bernard	Mar	102 Pencil Ave	Careera	1278	78345362	MarB@smatmail.com	
6	Mohammed	Zifil	39 Smart Close	Red Town	2465	98623415	ZilfilM@vatmail.com	

She then ran a query which gave the following result.

First Name	Last Name
Jasper	Banter
Mohammed	Zifil

Which query did Anita run?

- (A) First Name and Last Name for all her friends
- (B) First Name, Last Name and Suburb for all her friends
- (C) First Name and Last Name for all her friends living in Red Town
- (D) First Name and Last Name for all her friends who use vatmail

30. Jenna designed a gaming application. In her game there are instructions to change the appearance of a grey circle.

The instructions must be carried out in the right sequence (1→2→3→4).

Step	Instructions
1	Draw a horizontal line to divide the circle into two equal parts.
2	Shade the top half of the circle black.
3	Rotate the circle half a turn.
4	Stamp a white circle in the middle of the top half.

The diagram below shows what the circle will look like at the end of each step.

An error occurred and the steps were carried out incorrectly in this order (4→1→3→2).

What did the circle look like after the incorrect sequence of instructions was run?

(A)

(B)

(C)

(D)

ANALYSIS BY QUESTION

The following table shows the questions you answered correctly ☒ and shades the questions that you answered incorrectly ☐. The questions are ranked from hardest at the top to easiest at the bottom.

Question content		Area assessed	Question number	Correct answer
Difficult Questions	Identify the correct layout of columns given a set of parameters	Word Processing	26	A
	Identify the key on a standard keyboard to create more rows in a table	Word Processing	17	A
	Identify the query criteria given the result of a database query	Spreadsheet/Database	29	C
	Determine the length of the music in a podcast	Graphics/Multimedia	25	B
	Recognise cell alignments in a spreadsheet	Spreadsheet/Database	20	A
	Determine the length of a music file before edits were applied	Graphics/Multimedia	27	B
	Identify the effect used to change the appearance of an image	Graphics/Multimedia	9	A
	Predict the result of a sequence of instructions	Programming	30	B
	Distinguish image files from a set of files in a folder	General Skills	6	C
	Identify the tool used given a change in formatting	Word Processing	22	D
	Identify a requirement for a device when accessing online files	Internet/Email	28	D
	Apply correct search syntax given a requirement	Internet/Email	21	B
	Predict the output of a set of page numbering settings	Word Processing	7	C
	Identify the purpose of web browsers	Internet/Email	12	B
	Identify the function of a particular setting on a mobile device	General Skills	14	B
Easy Questions	Demonstrate responsible use of personal information online	Internet/Email	5	A
	Identify the changes that have been applied to an image	Graphics/Multimedia	23	B
	Identify the cause of an email error message	Internet/Email	18	A
	Match the cable plugs with the different types of ports on a computer	General Skills	24	B
	Interpret a sequence of instructions used to create a shape	Programming	19	C
	Predict the result of an action performed in a graphics program	Graphics/Multimedia	15	D
	Identify the text affected by a formatting change based on a selection	Word Processing	2	D
	Identify the information contained in a particular cell in a spreadsheet	Spreadsheet/Database	4	D
	Deduce the sort order used given a set of spreadsheet data	Spreadsheet/Database	3	A
	Identify the user interface element used to add a new table field	Spreadsheet/Database	11	D
	Demonstrate correct practice with an unwanted online advertisement	Internet/Email	10	C
	Apply privacy settings for an online video application given the required behaviour	Internet/Email	13	C
	Identify the name of a folder based on a selection	General Skills	16	C
	Calculate the length of a presentation given the timings of each slide	Graphics/Multimedia	8	D
	Identify the correct application icon given a corresponding function	General Skills	1	D
