

Narrative

A narrative is a story which includes a series of events that develop into a problem or complication for the characters. The events should create drama and excitement so that the reader will want to keep reading.

WRITING TASK

Write about a series of events that develop into a problem or complication in a story. Choose **TWO** of the objects shown below and make them part of your story.

a set of keys

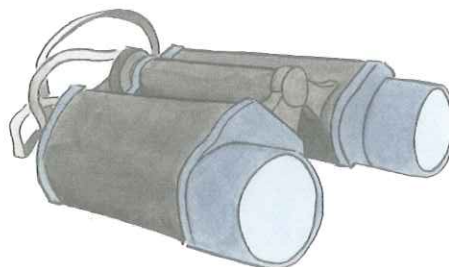

a mobile phone

a photograph

a pair of binoculars

Write about the problem or complication in your story. DO NOT finish the story.

- Your writing should make the reader interested in what is happening by creating a sense of drama and excitement.
- Make sure your two objects are important for the characters and the problem they face.
- Use descriptive language to tell the reader what the characters are doing and how they feel.
- Be creative and use your imagination.

HINTS

- Use the planning time to organise your ideas.
- Stay on the topic. **Write about the problem or complication in your story.** Remember that you do **not** have to finish the story.
- Write different types of sentences. Make sure your sentences are correct.
- Pay attention to spelling and punctuation.
- Use the time at the end of the task to check and improve your writing.
