

1. Jed inserted four pictures into a multimedia presentation slide. He added an Animation effect to each picture.

Which picture is named 'Picture 6' in the Animation Pane?

(A)

(B)

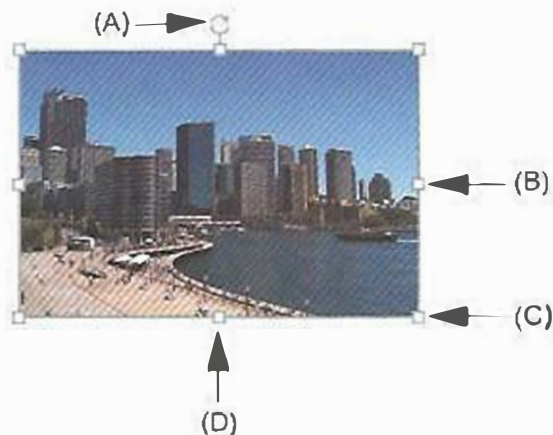

(C)

(D)

2. Suraj wanted to make this image larger. However, he wanted to keep the width and height of the image in the same proportion.

Which handle must he use to resize the image?

3. Xiang changed Photo 1 to look like Photo 2.

Photo 1

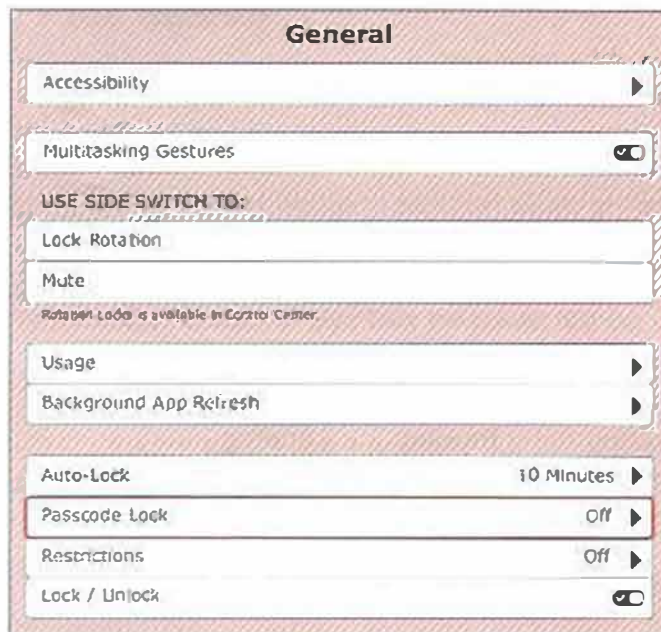

Photo 2

Which formatting did Xiang use to create Photo 2?

- (A) Transparency
- (B) Shadow
- (C) Cutout
- (D) Blur

4. Jamil opened the Settings app on his tablet. Under General settings, he tapped on 'Passcode Lock' to turn it on.

This allows him to

- (A) unlock his tablet.
- (B) set a passcode.
- (C) set the lock time-out.
- (D) access his passcode.

5. Monique downloaded an Excel workbook file from the internet.

Which of these could be the name of her file?

- (A) Top_games.xlsx
- (B) Top_games.exe
- (C) Top_games.pptx
- (D) Top_games.xml

6. This screenshot shows a series of emails shared by a group of friends.

Who sent the original email with the subject 'Gala Day Photos'?

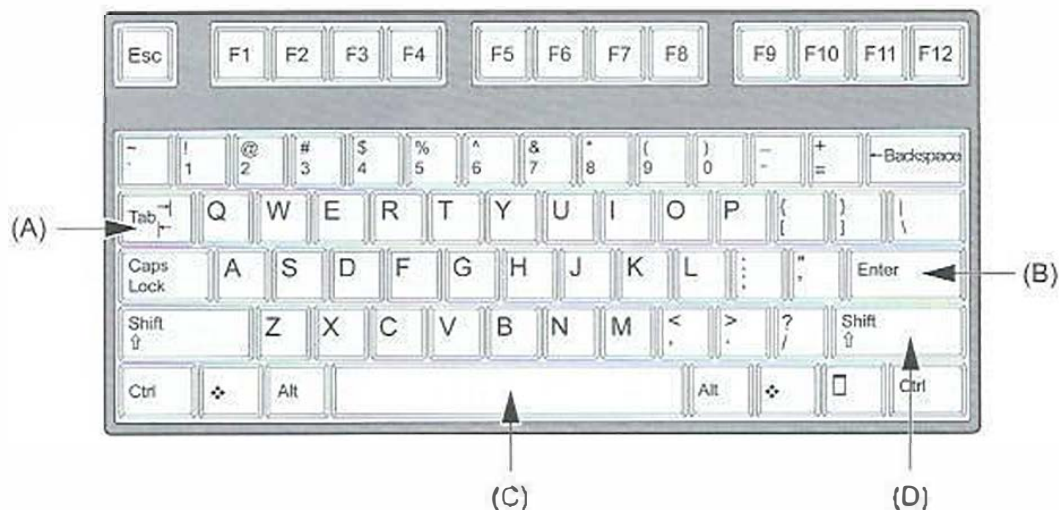

- (A) Jess Lee
- (B) Jordan Zani
- (C) Harley Diya
- (D) Taylor Wright

7. Jacinta created a table in a word processing program to create her class timetable. Her cursor is in the last cell of the table.

Jacinta needs more rows to complete the full timetable.

Period	Monday	Tuesday	Wednesday	Thursday	Friday
1	Writing	Writing	Writing	Writing	Writing
2	Maths	Reading	Spelling	Reading	Spelling
Recess	Recess	Recess	Recess	Recess	Recess
3	Music	Art	Sport	Drama	

Which key can she press repeatedly to create more rows for her table?

8. Sonny had permission from his parents to register for a new account at a games website for kids.

PLEASE SIGN IN

USERNAME

PASSWORD

[FORGOT YOUR PASSWORD?](#)

SIGN IN

[DON'T HAVE AN ACCOUNT?
SIGN UP >](#)

As part of registration, he needed to create a username and a password. He could use his email address as his username. An acceptable password had to be at least:

- 8 characters in total
- 1 special character (e.g. \$)
- 1 number
- 1 capital letter.

Which one of these passwords can he use for this website?

- (A) SBjb!38 (B) sbjb\$597s (C) SBjb25181 (D) SBjb1425&

9. Toby wanted to find some information about freshwater fish in Australia.

He did a search on the internet using the word 'fish'. His search returned a very large number of results.

Kids Search

You searched for:

Submit

About 650,300,000 results (0.43 seconds)

[Previous](#) 1 | 2 | 3 | 4 | 5 [Next](#)

Which search option will give Toby the lowest number of results?

- (A) "fish in Australia"
(B) "freshwater fish Australia"
(C) fresh + water + fish + Australia
(D) freshwater OR fish OR Australia

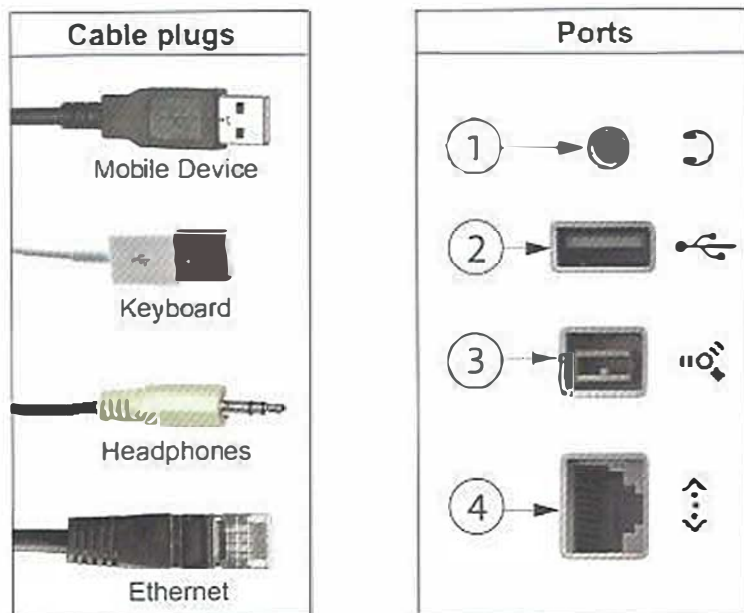

10. Tom started typing his handwritten notes about his basketball game for the school newspaper.

Handwritten Notes	Typed Notes
Finals Basketball Yesterday, we played a championship match against Glemtown High School. It was a very close game. Glemtown H.S. won the championship last season and we were very lucky to reach the finals this season.	Finals Basketball Yesterday we playd a championship match aggainst Glemtown High School. It was a vry close tame. Glemtown H.S. won the championship last season and we were very lucky to reach the finals this season.

Which of these words will NOT be detected by the spell check as having incorrect spelling?

- (A) aggainst
(B) playd
(C) tame
(D) vry

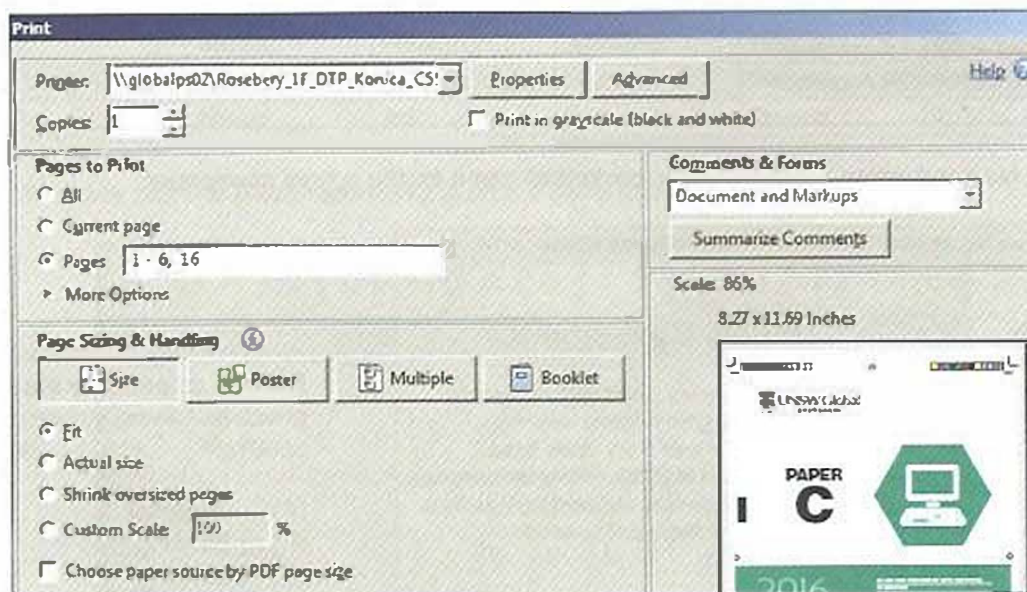

11. The images show some cable plugs and different ports on computers.

Which option matches each cable plug with the port that it fits into?

	Mobile Device	Keyboard	Headphones	Ethernet
(A)	2	2	4	3
(B)	2	2	1	4
(C)	3	3	1	4
(D)	3	3	4	2

12. Priyanka has a 16 page document. She wants to print only some of the pages of this document. This is part of the print settings screen she will use.

How many pages will be printed when she clicks the 'Print' button?

- (A) 16 (B) 7 (C) 6 (D) 1

13. Tessa saved a video file to her 'Videos' folder.

Which of these could NOT be Tessa's video file?

- (A) MyMovie.gif (B) MyMovie.avi (C) MyMovie.mp4 (D) MyMovie.mov

14. Ben is using music editing software to create a podcast about rainforests. He has added two music files and a voice narration called 'Rainforest' to this section of the podcast.

How many seconds will the music play for in this section of his podcast?

- (A) 3 (B) 5 (C) 6 (D) 14

15. The manager of the local car dealership created this database.

He highlighted a record to delete from the database.

ID	Brand	Model	Colour	Year of Manufacture	Condition	Price	Click to
1	Mercedes-Benz	G	Blue	2001	U	\$5,000.00	
2	Innocenti	990	Red	1992	U	\$7,000.00	
3	Jeep	Liberty	Green	2012	N	\$25,000.00	
4	Mazda	Midge	White	1996	U	\$2,000.00	
5	Lexus	SC	Black	1997	U	\$2,100.00	
6	Subaru	Impreza	Orange	2002	U	\$7,000.00	
7	Ginetta	G34	Grey	2004	U	\$4,500.00	
8	Daihatsu	Rocky	Red	1997	U	\$1,200.00	
9	BMW	X5	Blue	2000	U	\$9,200.00	
10	Infiniti	QX56	Black	2012	U	\$45,000.00	
11	Toyota	Prius	Lime	2003	U	\$4,200.00	
12	Lancia	Musa	Grey	2008	U	\$21,000.00	
13	Lancia	Lybra	Maroon	2004	U	\$3,300.00	
14	Buick	Century	Lime	1994	U	\$1,500.00	
15	Acura	TL	Silver	2004	U	\$3,600.00	
16	Mazda	MX-3	Grey	1996	U	\$5,200.00	
17	BMW	X5	Red	2011	U	\$45,000.00	
18	Chevrolet	Impala	Blue	1996	U	\$6,000.00	

Record: 17 of 20 No Filter: 17

How many records will be in the database after this record is deleted?

- (A) 20 (B) 19 (C) 17 (D) 16

16. Jenna designed a gaming application. In her game there are instructions to change the appearance of a grey circle.

The instructions must be carried out in the right sequence (1→2→3→4).

Step	Instructions
1	Draw a horizontal line to divide the circle into two equal parts.
2	Shade the top half of the circle black.
3	Rotate the circle half a turn.
4	Stamp a white circle in the middle of the top half.

The diagram below shows what the circle will look like at the end of each step.

An error occurred and the steps were carried out incorrectly in this order (4→1→3→2).

What did the circle look like after the incorrect sequence of instructions was run?

(A)

(B)

(C)

(D)

17. Gina wants to select all the data from the 'Marks' sheet.

Which option allows her to do this easily?

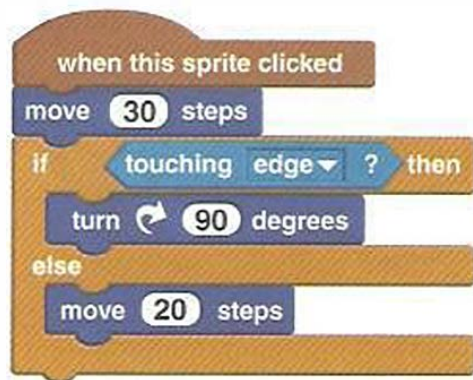

(A) (B) (C) (D)

Student	Assignment	Assignment %	Exam /100	Final Mark	Grade
Sally Wong	30	88	92	91	HIGH DISTINCTION
James Tere	28	82	98	93	HIGH DISTINCTION
Richard Sumner	21	62	87	79	DISTINCTION
Jennifer Tang	19	56	82	74	CREDIT
Tom Singh	31	91	85	87	HIGH DISTINCTION
Matthew Dalton	30	88	90	89	HIGH DISTINCTION
Shelly Smith	29	85	70	75	CREDIT
Janelle Craft	22	65	75	72	CREDIT

Grades Table

18. James created this routine as part of a game program he was working on. Jason runs this game program.

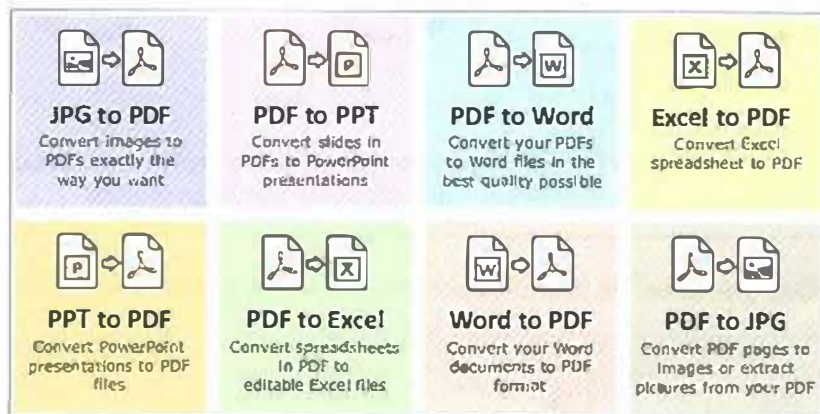

When the sprite touches the edge of the screen, it will

- (A) move 30 steps.
- (B) turn 90 degrees anti-clockwise.
- (C) turn 90 degrees clockwise.
- (D) move 20 steps.

19. Jing wanted to edit some text in a report that was in a non-editable PDF format. He downloaded a free online PDF converting tool.

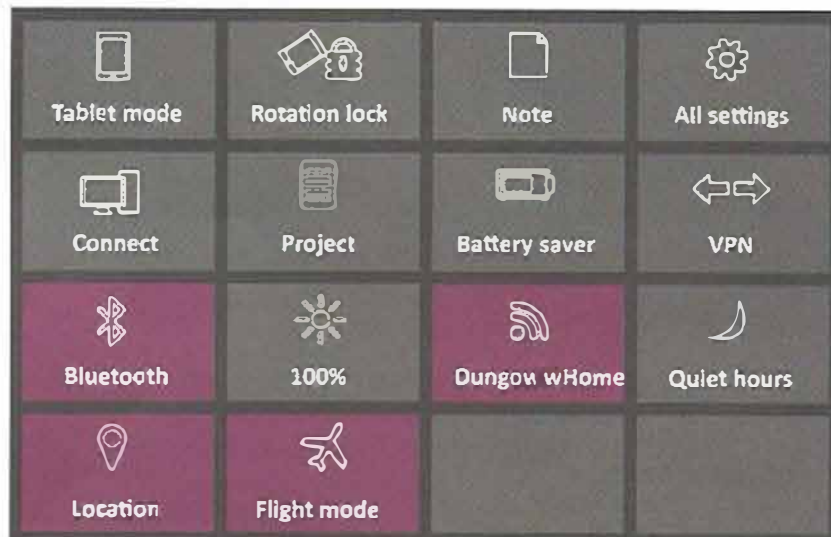

This tool allowed him to do the following conversions:

Which conversion option would allow Jing to effectively edit the text in his report?

- (A) PDF to Excel
- (B) JPG to PDF
- (C) Word to PDF
- (D) PDF to Word

20. This is an image of Anderson's computer screen.

Anderson wants to change the background image of his desktop.

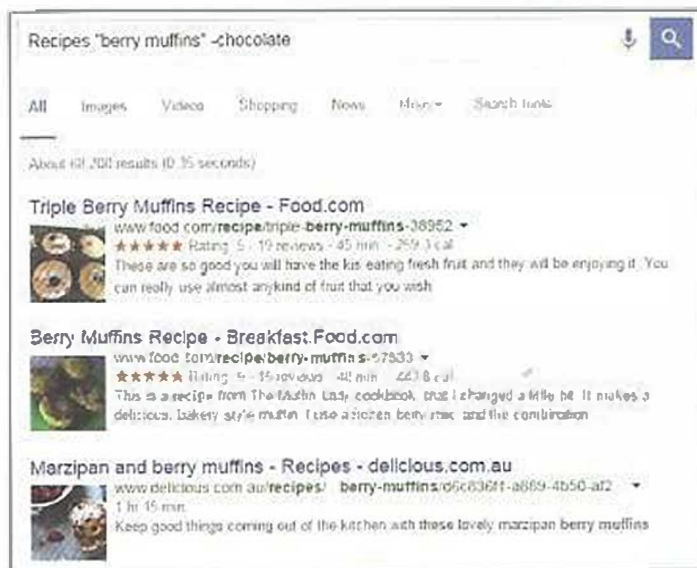

Which button must he click on?

- (A) Project
- (B) Connect
- (C) All settings
- (D) Tablet mode

21. Tina was looking for muffin recipes online. She entered the following text in the search box:

Recipes "berry muffins" -chocolate

Part of her search results are shown below.

What recipes would be included in her search results?

- (A) all recipes for berry muffins without chocolate
(B) all recipes for berry muffins with chocolate
(C) all recipes for chocolate muffins
(D) all recipes for marzipan muffins

22. Adam created a presentation about Sea Creatures. He added a transition and timing to each of the slides.

How many seconds will the Reveal transition take to complete?

- (A) 05.50 (B) 03.50 (C) 02.00 (D) 01.50

23. Huan took a photograph that was 8 megapixels in size.

What would be the approximate pixel dimensions (width and height) of his photograph?

- (A) 1024 x 768 (B) 1024 x 1024 (C) 3827 x 2592 (D) 3264 x 2448

24. Joshua is creating a website for his father's business. He would like to include some images from the internet. He found these guidelines on how information from the internet can be used.

 Creative Commons Work may be used without permission from the copyright holder but there may be conditions as to how this work can be used.	 Copyright Any work copied, used or published needs to have the permission of the copyright holder.	 Fair Use Allows the reproduction of copyrighted material for certain purposes, such as teaching, without obtaining permission from the copyright holder.	 Public Domain Work can be used, copied or published without obtaining permission from the copyright holder.
--	---	---	--

Which symbol allows him to use images without any restrictions?

- (A)  (B)  (C)  (D) 

25. Ryan was developing a drawing game.

This image shows the code he used to make the pencil draw a straight blue line.

When Ryan clicked the flag, the pencil moved but he could not see a line.

What change must Ryan make to solve this problem?

- (A) 'set pen colour to ■'
 (B) change 'pen down' to 'pen up'
 (C) insert the 'change pen size by' block and set the value to 50
 (D) insert the 'set pen size to' block and set the value to 10

26. Many websites are now designed to display a mobile version for users when they are browsing the sites on their smartphones or tablets.

These are images of the same website homepage displayed on a computer and on a smartphone.

Computer version

Smartphone version

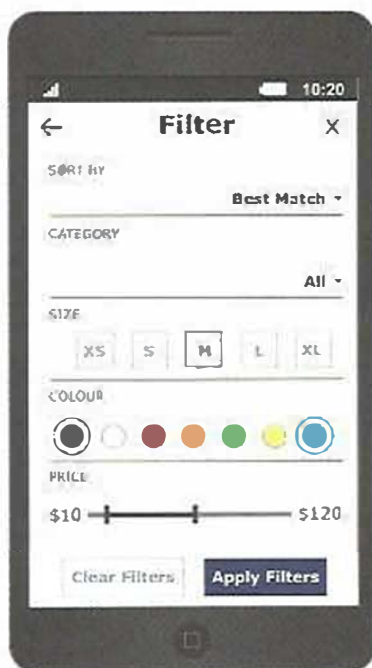

Which statement about browsing websites on a smartphone is correct?

- (A) Horizontal navigation is increased. (B) Vertical navigation is minimised.
(C) Data usage is reduced. (D) All features are displayed.

27. Jenny used an app on her smartphone to search for some clothing items to purchase.

She applied some filters to her search.

Which option best describes the items that will be displayed after the 'Apply Filters' button is pressed?

	Items	Size	Colour	Price of items
(A)	All	S	black or blue	\$10–\$120
(B)	All	M	green or blue	\$10–\$120
(C)	All	S	green or blue	\$20–\$60
(D)	All	M	black or blue	\$20–\$60

28. Andrew's Geography class is working on a group assignment. Each group must submit a table showing what they aim to achieve in each lesson that week.

Andrew created the following table:

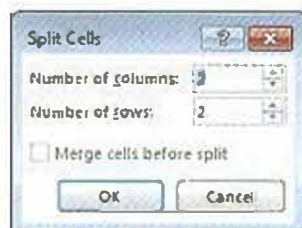

Monday	Tuesday	Wednesday	Thursday	Friday

He then realised that there are two Geography lessons on Monday.

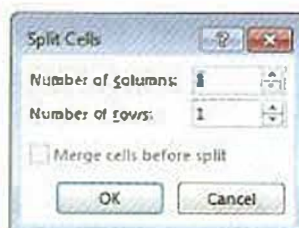

Andrew formatted the cell below Monday, using the Split Cells function and entered some text.

Monday	Tuesday	Wednesday	Thursday	Friday
Period 1				
Period 7				

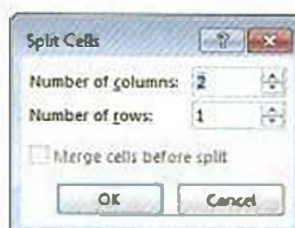

Which option did Andrew use to create more cells below Monday before entering in the text?

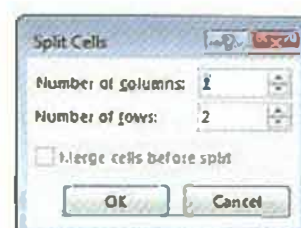

(A)

(B)

(C)

(D)

29. Jacinta is planning a birthday party. She typed this list of tasks to be done.

She then highlighted her list as shown.

What will happen if Jacinta presses the Enter key once?

- (A) The list will be deleted.
- (B) Only the highlighted text will be deleted.
- (C) The list will shift down.
- (D) Only the highlighted text will shift down.

30. In order to view images and texts on a computer, you need a monitor or a screen.

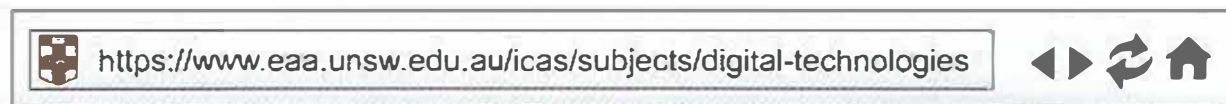

Which hardware component enables monitors and screens to display images and texts?

- (A) keyboard
- (B) video card
- (C) sound card
- (D) hard disk drive

31. This diagram shows the URL of a webpage. A URL consists of different sections that help the browser navigate to the correct website or webpage.

One of the sections is the domain name.

Which section of this URL is the domain name?

- (A) https (B) www (C) eaa.unsw.edu.au (D) digital-technologies

32. Mr Walker made this spreadsheet to record the results for the long jump at the school sports carnival.

	A	B	C	D	E	F
1	Under 10 Girls Long Jump Results					
2	Last Name	First Name	1st Jump (m)	2nd Jump (m)	3rd Jump (m)	Best Jump (m)
3	Chen	Daisy	2.73	2.78	2.65	2.78
4	Smith	Quinn	2.96	2.94	3.01	3.01
5	Lee	Jade	2.56	2.57	2.85	2.85
6	Brown	Mary	2.52	2.66	2.72	2.72
7	Jang	Olive	3.22	3.15	3.18	3.22
8	Buros	Ruby	2.83	2.67	2.86	2.86

He used the MAX function to work out the best jump for each girl.

Which formula did Mr Walker use in cell F3 before it was filled down to F8?

- (A) MAX(C3:F3) (B) MAX(C3:E3)
(C) =MAX(C3:F3) (D) =MAX(C3:E3)

33. Joanne is adding some Tab stops to her word processing document using this dialogue box.

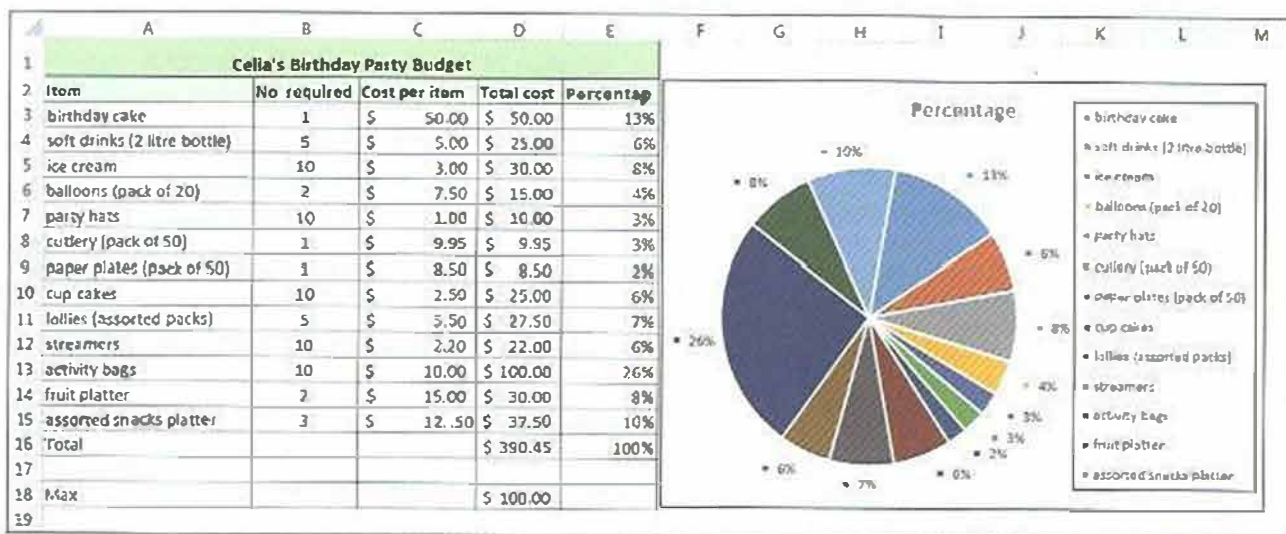

How many Tab stop positions have already been set by Joanne on the document?

- (A) 2
(B) 3
(C) 4
(D) 5

Use the following information to answer questions 34 and 35.

Celia used a spreadsheet to create a budget for her birthday party.

She used a formula to calculate the percentage of the total budget that each item made up.

34. What formula did Celia enter in cell E3, before it was filled down to E15, and how did she format the data in column E?

	Formula	Formatting	
		Category	Decimal Places
(A)	=D3/SD\$18	Currency	0
(B)	=D3/SD\$18	Percentage	2
(C)	=D3/SD\$16	Currency	2
(D)	=D3/SD\$16	Percentage	0

35. Celia also presented this information in a pie chart.

What data range did she select to create the chart above?

- (A) B2:B15 & D2:D15
 (B) B2:B16 & D2:D16
 (C) A2:A15 & E2:E15
 (D) A2:A16 & E2:E16

ANALYSIS BY QUESTION

The following table shows the questions you answered correctly ☒ and shades the questions that you answered incorrectly ☐. The questions are ranked from hardest at the top to easiest at the bottom.

Question content		Area assessed	Question number	Correct answer	Your answer	Students correct in AU
Difficult Questions	Predict the effect of the Enter/Return key on highlighted text	Word Processing	29	A	C	13%
	Estimate the pixel dimensions of a photo given its size	Graphics/Multimedia	23	D	B	17%
	Apply a formula to a spreadsheet given a requirement	Spreadsheet/Database	32	D	✓	20%
	Identify the correct file using its file extension	General Skills	5	A	✓	20%
	Contrast between mobile browsing and desktop browsing	Internet/Email	26	C	D	20%
	Determine the length of the music in a podcast	Graphics/Multimedia	11	B	C	24%
	Identify the key on a standard keyboard to create more rows in a table	Word Processing	7	A	B	33%
	Identify the sender of the original email within an email thread	Internet/Email	6	A	✓	37%
	Identify the formula and formatting used in a spreadsheet	Spreadsheet/Database	34	D	✓	38%
	Identify the hardware device used for displaying images	General Skills	30	B	D	38%
	Identify the data range used to create a chart in a spreadsheet	Spreadsheet/Database	35	C	✓	39%
	Interpret the Tabs dialogue box	Word Processing	33	B	C	40%
	Identify video files by file extension	Graphics/Multimedia	13	A	✓	41%
	Predict the result given printer settings	Word Processing	12	B	✓	42%
	Interpret the meaning of an internet search string	Internet/Email	21	A	B	45%
	Identify the number of records in a database	Spreadsheet/Database	15	B	✓	49%
	Identify the domain name given a URL	Internet/Email	31	C	✓	60%
	Identify the settings used for splitting cells given the result	Word Processing	28	A	✓	61%
	Apply correct search syntax given a requirement	Internet/Email	9	B	C	62%
	Identify the Select All button in a spreadsheet	Spreadsheet/Database	17	A	✓	62%
Easy Questions	Identify the effect used to change the appearance of an image	Graphics/Multimedia	3	A	✓	68%
	Identify the application software for a required function	Word Processing	19	D	✓	69%
	Identify the symbol used to classify information in the public domain	Internet/Email	24	D	✓	69%
	Interpret the user interface of a slide show program	Graphics/Multimedia	22	B	✓	72%
	Predict the result of a sequence of instructions	Programming	16	B	✓	75%
	Identify the password that fulfils the required criteria	Internet/Email	8	D	✓	76%
	Recognise the limitations of the spell check function	Word Processing	10	C	✓	80%
	Identify the function of a particular setting on a mobile device	General Skills	4	B	C	82%
	Interpret basic control structures in a given script	Programming	18	C	✓	85%
	Match the cable plugs with the different types of ports on a computer	General Skills	11	B	✓	86%
	Debug a basic script	Programming	25	A	✓	89%
	Identify the correct handle to resize an image without changing the aspect ratio	Graphics/Multimedia	2	C	✓	89%
	Interpret the results of a search filter	General Skills	27	B	✓	89%
	Identify the button used for a particular task	General Skills	20	C	✓	90%
	Identify the graphic element given its user interface label in a presentation	Graphics/Multimedia	1	C	✓	95%
