

1. Sunita typed the title of her book review.

alice's adventures in wonderland

She wanted the title to look like this.

Alice's Adventures In Wonderland

Which option must she choose to change the look of the title?

2. Andrea is using her touch screen laptop computer at a table outside. She wants to make the laptop battery last longer.

Which of these would have the greatest effect on Andrea's laptop battery life?

- (A) turning down the volume of the speakers
(B) turning down the brightness of the screen
(C) storing all her files on the hard drive
(D) using the touch screen and not the keyboard
3. Annabelle is changing settings on her data logger using the Data-Collection Settings dialogue box.

Data-Collection Setting	
Mode	Time Based v
Sampling	
Rate:	15 Samples/second
Interval:	Seconds/sample
Duration	
End collection	☐ By tapping stop
	☒ After seconds

Which setting opens a drop-down list?

- (A) Mode
(B) Rate
(C) Interval
(D) End collection

4. Vanessa used photo editing software to change Photo 1 to Photo 2.

Photo 1

Photo 2

Which editing tool did Vanessa use before enlarging the image?

5. Owen opened a word processing document. He found that the cursor was in the header of the document.

How can Owen move the cursor into the body of the document?

- (A) right click the Header tab and select Edit Body
- (B) select Body of the document on the Layout menu
- (C) hit the Tab key on the keyboard
- (D) double click in the body of the document

6. Rosita inserted an image into Document 1. She wants to change the appearance of Document 1 to Document 2.

Document 1

Document 2

Before clicking the OK button, where must Rosita click to make this change?

7. Sandra opened a document. She then tried to save it by clicking the Save As option.

What will be the result of trying to save the document using this option?

- (A) All the changes made will be saved on the original document.
- (B) She will be prompted to save this document.
- (C) She will be prompted to close this document.
- (D) She will receive an error message that says, 'No changes will be saved'.

8. Zoe wants to insert an image into an online word processing document. She is using the Insert image dialogue box to search for an image.

Which search filters did Zoe apply?

	Type	Colour
(A)	Face	yellow
(B)	Photo	yellow
(C)	Clip art	full colour
(D)	Line drawing	full colour

9. This is an image of the keypad on Tam's mobile phone.

He wants to make a call to the after-hours homework centre. The contact number for the centre is 1800HOMEWK.

Which keys must he press on his keypad?

- (A) 466395
 (B) 46639675
 (C) 1800466395
 (D) 180046639675

10. Digby created a table.

Name	Birthday	Age
Samson Knight	21 March	8
William Singh	10 August	9
Sonny Bill	12 September	9
Tammy Tui	18 November	8

He then formatted the table in the following way:

- heading bold and centred
- rest of the table aligned left.

Which is Digby's table after he had formatted it?

(A)

Name	Birthday	Age
Samson Knight	21 March	8
William Singh	10 August	9
Sonny Bill	12 September	9
Tammy Tui	18 November	8

(B)

Name	Birthday	Age
Samson Knight	21 March	8

3512 of 4023 selected

How many images will be imported when Richard clicks the 'Import' button?

13. Anita is creating a slide show about bullying. She inserted an audio file into this slide.

Which could be the file Anita inserted?

- (A) No_to_bullying.mov (B) No_to_bullying.docx
- (C) No_to_bullying.mp3 (D) No_to_bullying.pdf

Use the following information to answer questions 14 and 15.

Mrs Bieber created a presentation. She added an animation effect to each picture and piece of text. This is one of the slides from her presentation.

The screenshot shows the PowerPoint interface with the 'ANIMATIONS' tab selected. The slide titled 'Tech Angels' contains a list of names and corresponding photos. The Animation Pane on the right shows the following animation sequence:

Order	Object	Effect	Duration	Delay
0	Title 1: Tech ...	Grow & Turn	02.00	02.50
1	Dorothy Smith	Zoom	02.00	02.50
2	Sonya Gilbert	Zoom	02.00	02.50
3	SonyaG_Image	Zoom	02.00	02.50
4	Vijanti Prasad	Zoom	02.00	02.50
5	VijantiP_Image	Zoom	02.00	02.50

14. When this slide is presented, which of these animations will play together?
- (A) Title 1: Tech ... and Dorothy Smith
(B) Dorothy Smith and DorothyS_Ima...
(C) Sonya Gilbert and SonyaG_Image
(D) SonyaG_Image and VijantiP_Image
15. How many seconds will the animation of the highlighted object play for?
- (A) 02.00
(B) 02.50
(C) 03.00
(D) 04.50

Use the following information to answer questions 16 and 17.

John has an application on his mobile phone that overlays computer-generated images onto real world images.

16. Which component of the mobile device allows real world images to be used in this application?
- (A) camera
(B) speaker
(C) microphone
(D) touch screen
17. Which technology overlays a computer-generated image onto a user's view of the real world?
- (A) global positioning system
(B) virtual reality
(C) augmented reality
(D) gesture recognition

18. Alma created a database to store her friends' addresses and phone numbers.

ID	LastName	FirstName	Street Address	Suburb	Postcode	State	Phone Number
1	Bateman	Alexis	21 Smith Avenue	Chirnside Park	3116	VIC	03 9071 2239
2	Deamer	Samantha	55 Marx Hill Road	Bellingen	2454	NSW	02 6748 9234
3	Gottshall	Sarah	83 Smith Street	Enmore	2042	NSW	02 9943 4866
4	Griffin	Ruby	67 Frouds Road	Smithfield	2164	NSW	02 5322 0712
5	Smith	Jade	50 Roseda Road	Mount Best	3960	VIC	03 5949 5148
6	Tala	Christian	78 Moruya Road	Krawarree	2622	NSW	02 6152 7838
7	Bing	Susan	45 Mixen Street	Binalong	2650	ACT	02 7778 2221
8	(New)					0	

She deleted two of her friends from the database. She then added a new friend to it.

ID	LastName	FirstName	Street Address	Suburb	Postcode	State	Phone Number
1	Bateman	Alexis	21 Smith Avenue	Chirnside Park	3116	VIC	03 9071 2239
2	Deamer	Samantha	55 Marx Hill Road	Bellingen	2454	NSW	02 6748 9234
4	Griffin	Ruby	67 Frouds Road	Smithfield	2164	NSW	02 5322 0712
5	Smith	Jade	50 Roseda Road	Mount Best	3960	VIC	03 5949 5148
6	Tala	Christian	78 Moruya Road	Krawarree	2622	NSW	02 6152 7838
8	Singh	Sarah	34 Orange Road	Bellina	2112	NSW	02 7778 3331
9	(New)					0	

How many records are in Alma's database now?

- (A) 15
- (B) 8
- (C) 7
- (D) 6

19. Molly saved the following files in a folder to use for a slide show presentation.

Name
 Habitat of the wild.txt
 Jungle drum.gif
 Wildlife.jpg
 Wildlife.avi

Which has the largest file size?

- (A) Habitat of the wild.txt
- (B) Jungle drum.gif
- (C) Wildlife.jpg
- (D) Wildlife.avi

Use the following information to answer questions 20 and 21.

A community group is using an online database to store information about their upcoming camping trips.

20. What is the data type of the field Confirmed?

- (A) Number (B) Yes/No (C) Text (D) Date

21. What is the name of this database?

- (A) Kids Scouts (B) Barton Flats Campground
(C) Upcoming Camping Trips (D) Main View

22. Joel is animating a character using a coding program. He wants his character to move forward and say 'Hello!'

First Joel used this code.

Joel then changed his code to this.

How will Joel's animation be different when the changed code is run?

- (A) The character will say 'Hello!' for a longer time.
(B) The character will say 'Hello!' for a shorter time.
(C) The speech bubble for 'Hello!' will be larger.
(D) The character will say 'Hello!' at a greater volume.

23. Ben is creating a brochure using a word processing application. He wants to send this document to his friends for feedback but does not want anyone to edit it.

What can Ben do to his document so it cannot be edited?

- (A) compress the document
(B) make the document Read only
(C) restrict editing to Track changes
(D) save the document as a Rich Text Format file

Use the following information to answer questions 24 and 25.

Tim measured the temperature in his home, at set times each day, over five days. He recorded his measurements in this spreadsheet.

Q4		:	X	✓	f _x	=AVERAGE(B4,E4,H4,K4,N4)													
	A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R	S
1		Time of Day															Average

24. What is the cell orientation for the cells B3:S3?

 Angle Counterclockwise (A)

 Angle Clockwise

 Vertical Text (B)

 Rotate Text Up (C)

 Rotate Text Down (D)

25. He entered a formula in cell Q4 to calculate the average of the 9.00 AM temperature readings.

What formula did he enter in cell S4 to calculate the average of the 3.00 PM temperature readings?

- | | |
|------------------------------|------------------------------|
| (A) =AVERAGE(B5,E5,H5,K5,N5) | (B) =AVERAGE(B4,E4,H4,K4,N4) |
| (C) =AVERAGE(C4,F4,I4,L4,O4) | (D) =AVERAGE(D4,G4,J4,M4,P4) |

26. Xiang completed her school project. She made sure that she referenced all the information sources she used.

Referencing her sources allows

- (A) her to legally share the original works.
 (B) her to copy and paste without quotation marks.
 (C) the original authors to receive payment for their work.
 (D) the original authors to be recognised for their work.

27. Charlie is using his tablet in a cafe that has free wi-fi.

Which information does he need to connect his tablet to the cafe wi-fi?

- | | |
|-------------------------------|------------------------------------|
| (A) IP address and password | (B) internet provider and password |
| (C) network name and password | (D) router type and admin password |

28. Greg is editing this audio track.

He has applied the Silence Audio feature to the section marked X.

How many minutes and seconds (mm:ss) long is the section marked X?

- (A) 01:00 (B) 00:42 (C) 00:23 (D) 00:19

29. Maria sent an email to Sally about the meeting for their camping trip. She is also sending the email to other members of the camping trip team.

Which email address will Sally **NOT** be able to see when she receives the email?

- (A) tomc@email.com.au (B) arianag@email.com.au
(C) keving@dmil.com.au (D) marias@email.com.au

30. The turtle needs to exit this maze.

This is the first sequence of instructions to start the turtle's journey.

How many more times must this sequence be repeated for the turtle to reach the exit?

- (A) 3 (B) 4 (C) 6 (D) 8

31. Marina's computer is taking a long time to open photographs stored on her local hard drive.

She checks the performance statistics of her computer.

Which component is the most likely cause for the slow performance of her computer?

32. Vince has a database of his eGames club members' addresses and phone numbers. He uses the Find and Replace dialogue box to search for some information in the database.

ID	LastName	FirstName	Street Address	Suburb	Postcode	State	Phone Number
1	Batemaner	Alexis	21 Smith Avenue	Chirnside Park	3116	VIC	03 2111 2003
2	Dreamer	Samantha	55 Marx Hill Road	Bellingen	2454	NSW	02 1111 2004
3	Geldof	Sarah	83 Smith Street	Enmore	2042	NSW	02 2222 1100
4	Jade	Ruby	67 Frouds Road	Smithfield	2164	NSW	03 2112 1100
5	Smith	Diamond	50 Roseda Road	Mount Best	3960	VIC	03 1122 0000

Vince then presses the Find Next button.

Which data will be selected?

- (A) 21 Smith Avenue
- (B) 83 Smith Street
- (C) Smithfield
- (D) Smith

33. This image shows a computer called Raspberry Pi, with some of its ports labelled.

What device could be plugged into the HDMI port?

- (A) display screen
- (B) headphones
- (C) printer
- (D) speakers

34. Sonya wrote the following text.

Every day people are waisting many litres of water.
Turn off the water while you are brushing your teeth and
you will waiste less water.

She used this dialogue box to change some text.

A screenshot of a 'Find and Replace' dialog box. It has three tabs: 'Find', 'Replace', and 'Go To'. The 'Replace' tab is selected. The 'Find what:' field contains the text 'waisting'. The 'Replace with:' field contains the text 'wasting'. At the bottom, there are five buttons: 'More >>', 'Replace', 'Replace All', 'Find Next', and 'Cancel'.

What did Sonya's text look like after she pressed the Replace All button?

- (A) Every day people are waisting many litres of water.
Turn off the water while you are brushing your teeth and
you will waiste less water.
- (B) Every day people are wasting many litres of water. Turn
off the water while you are brushing your teeth and
you will waiste less water.
- (C) Every day people are waisting many litres of water.
Turn off the water while you are brushing your teeth and
you will waste less water.
- (D) Every day people are wasting many litres of water. Turn
off the water while you are brushing your teeth and you
will waste less water.

35. The following code snippet has no syntax errors:

```
display.show("Hello")  
sleep(2000)  
display.scroll("World")
```

Which of these lines of code will run without a syntax error?

- (A) Display.scroll(("Choose Me!")) (B) Display.show(Pick Me!)
- (C) display.SCROLL(This One!) (D) display.show("Or This!")
