Like most **37. cauteous** scientists, Dr Lucy Bunsenberner had great **38. perseverance**, but she also had an **39. inclinashun** towards absent-mindedness. Some unkind people even called her **40. excentric**. Late one night, she was investigating a secret mixture under a powerful microscope. As she focused, she tapped along to her music. Suddenly, the telephone rang. It was a close **41. colleage** with a serious **42. dilema**. Dr Lucy talked with him for a long time. The next day, a blowfly landed on the mixture and laid its eggs.
